one 'n only®
Argan Oil
derived from
Moroccan Argan Trees

One of the world's rarest oils, argan oil is derived from the Moroccan argan tree. Rich in essential fatty acids, Omega 6 and Vitamin E, it is valued for its ability to regenerate and nourish dry and damaged hair.

One 'n Only® Argan Oil is a non-greasy, alcohol-free formula that is instantly absorbed into the hair, creating brilliant shine without leaving an oily residue. Smooths cuticle for silky, conditioned and healthy looking hair. This precious oil helps protect against damage caused by the environment, chemicals, or excessive heat from stylers, and provides long-term conditioning while reducing frizz, split ends and breakage. Ideal for all hair types, One 'n Only® Argan Oil is a premium styling, finishing, smoothing and conditioning product that produces consistently silky smooth results.

STYLING AND FINISHING

Distribute a small amount of oil evenly through clean, towel-dried hair; use heat to style. Distribute a small amount through dry hair to moisturize, reduce frizz and add instant shine.

SMOOTHING AND CONDITIONING

Smooths the hair instantly, leaving it revitalized with a healthy look and feel. Hydrates, protects, revives and detangles natural hair, wigs and extensions.

COLOR/CHEMICAL PROCESS

Prior to treatment, massage a small amount of oil evenly into hair. Do not rinse. Then mix approximately ¼ teaspoon of oil with the color, highlighting, straightening or relaxer solution and process as usual. One 'n Only® Argan Oil increases absorption of product into hair for enhanced shine and depth of color.

Also available in sample size:

AOIL25 – One 'n Only® Argan Oil .25 fl. oz.
